DOUBLE FILE RESTARTS

Double file restarts for the 2026 season will start at Anderson Speedway July 18th on a trial basis. Lineup order on restarts will be based on the running order on the most recent fully scored lap. Lapped cars will pull to the inside and fall behind the last car on the lead lap in their running order. During the main event double file restarts will occur until said main event has less than 5 laps remaining on events under 50 laps and 10 laps on events 50 and over. All race restarts (Heat, Dash, Preliminary events) prior to the main event will continue to be in single file order.
